

April Auxiliary Newsletter

April will be a busy month for the auxiliary. We will be having our last spaghetti / cabbage roll dinner for the year. We will need extra help this month as it is always busy. Cabbage prep will be Monday, March 30th at 6:00PM, roll cabbage rolls etc. on Wednesday, April 1st, and Cabbage Roll dinner on April 2nd. Please remember that if you can spare an hour or so it will help us out a lot.

At this time a big thank you to all who have worked so hard this year to make the dinners a success, also thank you to all who baked cakes and brownies for our dessert table and take outs.

Now you need to know that meetings and decisions are being made by only a small amount of auxiliary members. This is because you are not showing up for meetings. I have been told that the reason for few members showing up is the meetings have been running an hour and fifteen minutes to an hour and a half. We do try to keep it to an hour, however sometimes there is just too much going on to be able to cut people off when trying to make decisions. If indeed I see more members present at the meetings I will put a time limit on a subject, that's the best I can do. One night a month runs the auxiliary and all we try to accomplish. As you know the auxiliary at this time is trying to raise money for "Operation Purple", here is a word from our Chairman Lu Ann Francia.

Benefit Operation Purple

Open to the Public

Thanks to all who have contributed to this date and for those still wishing to help the deadline for donations is May 2nd.

Lu Ann Francia – Operation Purple Chairperson

A nominating committee will be appointed this month as next month will be election time. Anyone interested in an office should be present to let their wishes be known. Again holding office means you have to be present one day a month. You are allowed to miss a couple of meetings or have a substitute in place. The presidency is definitely up for grabs. I will be glad to assist a new president as much as possible.
