Sometime in the near future our legion will be getting its own website. Through this website we will be able to keep the people more informed about the happenings here at Post 0925. We will have email service and our newsletter will be posted on the website for those who prefer not to receive any more mail than necessary. If you would like to receive your next newsletter by email until the website is in service please send your name and email address to jmis0623@yahoo.com.

Membership

There are still members with 2009 dues outstanding. At present we are at 90% of our goal for renewing existing members. Also remember that the legion is always trying to get more veterans signed up for membership and if you know someone who might want to join our post please have them call John Misiak at 353-2162. A list is posted on the bulletin board at the legion if in doubt of your status. You need to renew yearly to keep your continuous years membership active. Thank you.
